I'm an experienced front-end developer with 1+ years of professional experience. My passion is creating user-friendly websites using HTML, CSS, and Javascript. I have a keen eye for design and I aim to build visually stunning websites that go above and beyond customer expectations. I stay updated with the latest industry trends and best practices to ensure my technical skills are top-notch. I'm confident in my ability to contribute to dynamic development projects and work well with diverse teams. I'm ready to utilize my expertise to provide effective solutions and help businesses thrive online, focusing on writing clean, efficient, and responsive code.

Skills

Languages: JavaScript.

Front-end Skills: React.js.

Tooling: Git, Github, Netlify.
